SUMMARY

Full Stack Developer (MERN & PERN) with 1+ years of experience independently building and shipping production-ready web applications. Proficient in React.js, Node.js, Express.js, MongoDB, and PostgreSQL — with hands-on experience across REST API design, JWT authentication, real-time systems (Socket.io), and end-to-end deployment. Skilled at integrating AI tools (Claude, ChatGPT, GitHub Copilot) to accelerate development and rapidly iterate on features, and looking to contribute to a product-focused team as a full-stack engineer.

TECHNICAL SKILLS

Front-End: HTML5 | CSS3 | JavaScript (ES6+) | TypeScript | React.js | Redux Toolkit | React Hooks | React Router | Tailwind CSS | Bootstrap

Back-End: Node.js | Express.js | RESTful API Design | JWT Authentication | Bcrypt | Middleware | MVC Architecture

Databases: MongoDB | Mongoose ODM | PostgreSQL | Prisma ORM | MySQL

Tools: Git | GitHub | Postman | Axios | Multer | Nodemailer | Cloudinary | Socket.io | pgAdmin | MongoDB Compass | VS Code

Practices: Agile/Scrum | Version Control (Git) | API Testing | Debugging | Code Reviews

AI-Assisted Development: Claude | ChatGPT | GitHub Copilot | Cursor — code generation, debugging, AI integration & rapid prototyping

EXPERIENCE

Web Development Intern | Qalam Training Program

August 2025 – Present

- Designed and deployed production-grade RESTful APIs (Node.js, Express.js) with full CRUD, middleware validation, and MVC architecture — rigorously tested via Postman across 3+ real-world projects
- Built pixel-perfect, responsive React.js UIs with Tailwind CSS — integrated Axios for seamless frontend-to-backend communication and enforced security with JWT & Bcrypt authentication
- Optimized MongoDB and PostgreSQL schemas for peak performance — fine-tuned queries and streamlined data pipelines to ensure full-stack applications ran fast and at scale

Junior Frontend Developer | Techwizard

August 2023 – September 2024

- Developed responsive, cross-browser web interfaces by translating UI/UX designs into clean HTML5, CSS3, and JavaScript (ES6+) — engineered reusable React.js components and resolved critical UI bugs to deliver polished, production-quality layouts

PROJECTS

Pets Veta — Pet Care Marketplace & Vet Appointment System

Tech Stack: React.js, TypeScript, Tailwind CSS, Node.js, Express.js, PostgreSQL, Prisma, JWT, Cloudinary

- Architected a full-stack pet care marketplace from scratch — integrated e-commerce, vet appointment scheduling, AI-powered chat, and admin analytics, delivering a production-ready product across 4 distinct user workflows
- Implemented a JWT-based RBAC system for multi-role access (pet owners, doctors, admins) and modeled relational data with PostgreSQL + Prisma ORM — eliminated unauthorized access vulnerabilities and improved data query performance through optimized schema design

Instagram Clone — Social Media Application

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Bcrypt, Socket.io, Multer, Cloudinary

- Developed a feature-complete social media clone — implemented user authentication, post creation, likes, comments, and follow system, then extended it with Socket.io real-time notifications and Cloudinary + Multer media uploads, delivering a fully live social feed

Student & Teacher Management System

Tech Stack: React.js, Node.js, Express.js, MongoDB, JWT, Bcrypt, Nodemailer, Socket.io

- Centralized academic record-keeping into a full-stack management system — integrated JWT authentication, Bcrypt password hashing, Nodemailer automated email alerts, and Socket.io real-time updates, reducing manual admin overhead across all record operations

CERTIFICATIONS

Web Development Certification — Bano Qabil, Lahore

2025

EDUCATION

Post ADP — Computer Science

2025 – 2027

University of Education | CGPA: 3.28 / 4.00

Relevant Courses: Web Development | Advanced Database Systems | Operating Systems | OOP Analysis and Design

ADP — Computer Science

2023 – 2025

University of the Punjab

Relevant Courses: Programming Fundamentals | OOP | Data Structures & Algorithms

SOFT SKILLS

Problem Solving | Team Collaboration | Quick Learner | Critical Thinking | Strong Communication | Time Management
